GENERAL PROXY INFORMATION

Solicitation of Proxies

It is expected that proxies will be solicited primarily by mail, but proxies may also be solicited personally, by telephone, email or by other means of electronic communication, by directors, officers or employees of the Corporation, to whom no additional compensation will be paid. All costs of solicitation will be borne by NexGen. In addition, the Corporation shall, upon request, reimburse brokerage firms and other custodians for their reasonable expenses in forwarding proxies and related material to beneficial owners of common shares of the Corporation.

Notice-and-Access

The Corporation has decided to use the notice and access mechanism (the “**Notice-and-Access Provisions**”) under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) for the delivery of this Circular to shareholders for the Meeting.

Under the Notice-and-Access Provisions, instead of receiving printed copies of this Circular, shareholders will receive a notice (“**Notice**”) with information on the Meeting as well as information on how they may access this Circular electronically and how they may vote.

The Corporation will not use the procedures known as “stratification” in relation to the use of Notice-and-Access Provisions meaning that all shareholders will receive a Notice in accordance with the Notice-and-Access Provisions.

Shareholders can request that printed copies of this Circular be sent to them by postal delivery, at no cost to them, up to one year after the date this Circular was filed on SEDAR by calling toll-free (in Canada and the United States) 1-800-841-5821 or by emailing hdevitt@nxe-energy.ca. See under the heading “*How to Obtain Paper Copies of the Circular*” in the accompanying Notice and Access Notification to Shareholders.

Appointment of Proxyholders

The persons named in the enclosed form of proxy are executive officers of the Corporation. **You have the right to appoint someone other than the persons designated in the enclosed form of proxy, who need not be a shareholder, to attend and act on your behalf at the Meeting by printing the name of the person you want in the blank space provided or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

On any ballot, the nominees named in the accompanying proxy form will vote, or withhold from voting or vote against (as applicable), your common shares in accordance with your instructions. In respect of any matter for which a choice is not specified, the persons named in the accompanying proxy form will vote at their own discretion, except where management recommends that shareholders vote in favour of a matter, in which case the nominees will vote FOR the approval of such matter.

The form of proxy confers discretionary authority upon the nominees named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.

As of the date of this Circular, management of NexGen knows of no such amendment, variation or other matter that may come before the Meeting. However, if any amendment, variation or other matter should properly come before the Meeting, each nominee named in the accompanying proxy form intends to vote thereon in accordance with the nominee's best judgment or as stated above.

Registered Shareholders

Registered NexGen shareholders who are unable to attend the Meeting or any postponement or adjournment thereof in person are requested to complete, date, sign and return the enclosed form of proxy or, alternatively, to vote by telephone, or over the Internet, in each case in accordance with the enclosed instructions.

To vote by telephone, NexGen shareholders should call Computershare Investor Services Inc. at 1-866-732-VOTE (8683). NexGen shareholders will need to enter the 15-digit control number provided on the form of proxy to identify themselves as shareholders on the telephone voting system.

To vote over the Internet, NexGen shareholders should go to www.investorvote.com. NexGen shareholders will need to enter the 15-digit control number provided on the form of proxy to identify themselves as shareholders on the voting website.

To be used at the Meeting, the completed form of proxy must be deposited at the office of Computershare Investor Services Inc., by fax within North America at 1-866-249-7775 or outside North America at (416) 263-9524 or by mail or hand delivery to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 not later than 2:00 p.m. (Vancouver time) on June 5, 2017 or, if the Meeting is adjourned or postponed, not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in either the Province of Ontario or the Province of British Columbia) prior to the time set for the adjourned or postponed meeting.

Late proxies may be accepted or rejected by the Chair of the Meeting in his or her discretion.

Non-Registered Shareholders

Most shareholders of the Corporation are "non-registered" shareholders ("**Non-Registered Shareholders**") because the common shares they own are not registered in their name but are registered in the name of an intermediary such as a bank, trust company, securities dealer or broker, trustee or administrator, of a self-administered RRSP, RRIF, or RESP or a clearing agency (such as CDS Clearing and Depositary Services Inc.) of which the intermediary is a participant.

Applicable regulatory policy requires intermediaries/brokers to whom meeting materials have been sent to seek voting instructions from Non-Registered Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed in order to ensure that the Non-Registered Shareholder's common shares are voted at the Meeting.

The majority of brokers now delegate responsibility for obtaining instructions from Non-Registered Shareholders to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails a scannable voting instruction form ("**VIF**"), instead of the form of proxy. Non-Registered Shareholders are requested to complete and return the VIF to Broadridge. Alternatively, Non-Registered Shareholders can call a toll-free telephone number or access Broadridge's dedicated voting website www.proxyvote.com.

The VIF must be returned as directed by Broadridge well in advance of the Meeting in order to have the common shares voted. Non-Registered Shareholders who receive forms of proxies or voting materials from organizations other than Broadridge should complete and return such forms of proxies or voting materials in accordance with the instructions on such materials in order to properly vote their common shares at the Meeting.

NexGen may utilize the Broadridge QuickVote™ service to assist Non-Registered Shareholders vote their shares.

Non-Registered Shareholders are not entitled, as such, to vote at the Meeting in person or to deliver a form of proxy. If you are a Non-Registered Shareholder and wish to appoint yourself as proxyholder to vote in person at the Meeting or appoint someone else to attend the Meeting and vote on your behalf, please see the voting instructions you received or contact your intermediary/broker well in advance of the Meeting to determine how you can do so.

Non-Registered Shareholders should carefully follow the voting instructions they receive, including those on how and when voting instructions are to be provided, in order to have their common shares voted at the Meeting.

The materials for the Meeting are being sent to both registered and Non-Registered Shareholders. If you are a Non-Registered Shareholder, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you; and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Revocation of Proxies

Only a registered NexGen shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the NexGen shareholder or such shareholder's legal representative, or if the NexGen shareholder is a corporation, by its duly authorized legal, and deposited at the Corporation's registered office: 25th Floor, 700 West Georgia Street, Vancouver, British Columbia V7Y 1B3, at any time up to and including the last business day preceding the day of the Meeting at which the proxy is to be used, or with the Chair of the Meeting on the day of the Meeting prior to voting and, upon either of such deposits, the proxy is revoked.

Non-Registered Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their respective intermediaries to change their vote and if necessary

revoke the proxy on their behalf.

- (b) is, at the date of this Circular, or has been within 10 years before the date of this Circular, a

director or an executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

Appointment of Auditor

Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the common shares represented by such form of proxy FOR the re-appointment of KPMG LLP as the Corporation's independent auditor to hold office for the ensuing year with remuneration to be fixed by the Board.

Approval of Shareholder Rights Plan

The Corporation adopted a shareholder rights plan (the "**Old Rights Plan**") effective April 22, 2014. The Old Rights Plan was ratified and approved at an annual and special meeting of shareholders held on May 22, 2014. In accordance with its terms, the Old Rights Plan expired on April 22, 2017.

On April 22, 2017, the Board approved and adopted a shareholder rights plan (the "**Rights Plan**") to replace the Old Rights Plan. Pursuant to section 636 of the TSX Company Manual and the conditional approval letter of the TSX, the Rights Plan must be ratified by shareholders at a meeting of shareholders held on or before October 22, 2017, being six months from the date of adoption of the Rights Plan by the Board.

Accordingly, at the Meeting, shareholders will be asked to consider and, if deemed appropriate, pass, with or without variation, a resolution (the "**Rights Plan Resolution**") approving the Rights Plan. The text of the Rights Plan Resolution is set forth below. If the Rights Plan Resolution is not passed, the Rights Plan will terminate at the termination of the Meeting. If the Rights Plan resolution is passed, the Rights Plan will require reconfirmation by shareholders at the 2020 annual meeting of shareholders and every three years thereafter.

Background

Effective May 9, 2016, the Canadian Securities Administrators (the "**CSA**") implemented amendments to the Canadian take-over bid regime. Among other things, the new take-over bid regime requires that a take-over bid must remain open for deposits for 105 days (historically, 35 days) and that all non-exempt take-over bids must meet a minimum tender requirement of more than 50% of the outstanding securities of the class that are subject to the bid. The new take-over bid regime also requires the bid period to be extended for a period of ten days if the minimum tender requirement is met at the bid's initial expiry date. The minimum bid period may be reduced to a period of not less than 35 days in certain circumstances,

including with the approval of a target issuer's board of directors.

The amendments to the take-over bid regime do not apply to exempt take-over bids, and there continues to be a role for rights plans in protecting issuers and preventing the unequal treatment of shareholders. For instance, the Rights Plan is structured to:

- protect shareholders against “creeping bids” (the accumulation of more than 20% of the common shares through purchases exempt from Canadian take-over bid rules, such as (i) purchases from a small group of shareholders under private agreements at a premium to the market price not available to all shareholders, (ii) acquiring control through the slow accumulation of common shares not available to all shareholders, (iii) acquiring control through the slow accumulation of common shares over a stock exchange without paying a control premium, or (iv) through other transactions outside of Canada not subject to Canadian take-over bid rules), and requiring the bid to be made to all shareholders; and
- prevent a potential acquirer from entering into lock-up agreements with existing shareholders prior to launching a take-over bid, except for permitted lock-up agreements as specified in the Rights Plan.

By applying to all acquisitions of greater than 20% of common shares, except in limited circumstances, including “Permitted Bids” and “Competing Permitted Bids”, the Rights Plan is designed to ensure that all shareholders receive equal treatment.

In light of the foregoing considerations, the Board has determined that it is advisable and in the best interests of the Corporation and its shareholders that the Corporation has in place a shareholder rights plan in the form of the Rights Plan.

The Rights Plan

The Rights Plan contains substantially the same terms and conditions as the Old Rights Plan, which was previously ratified by the shareholders. The only substantive changes to the Rights Plan, as compared to the Old Rights Plan, are to conform the terms of a “Permitted Bid” to be consistent with the new take-over bid regime and to amend the definition of “Exempt Acquisition”. In this regard, the Rights Plan contains the following:

- A revised definition of “Permitted Bid” that would require a “Permitted Bid” to remain outstanding for a minimum period of 105 days or such shorter period that a take-over bid must remain open for deposits of securities, in the applicable circumstances, pursuant to Canadian securities laws; and
- Certain amendments to the definition of “Exempt Acquisition” and certain additional non-substantive, technical and administrative amendments, including to align the definition of a “Competing Permitted Bid” to the minimum number of days as required under Canadian securities laws.

A summary of the key features of the Rights Plan is attached as Schedule A hereto.

The complete text of the Rights Plan is available under the Corporation's profile on SEDAR at www.sedar.com and on request to hdevitt@nxe-energy.ca.

Approval Required

The Rights Plan has been conditionally approved by the TSX, subject to shareholder approval at the Meeting. To be effective, the Rights Plan Resolution must be approved by a simple majority of 50% plus one vote of the votes cast by all shareholders, whether in person or by proxy, at the Meeting. If the Rights Plan Resolution is not passed at the Meeting, the Rights Plan will not become effective and the

Rights Plan will terminate at the termination of the Meeting.

BE IT RESOLVED THAT:

1. the Rights Plan of the Corporation be ratified, confirmed and approved, and the Shareholder Rights Plan Agreement dated April 22, 2017 between the Corporation and Computershare Investor Services Inc., be and is hereby ratified, confirmed and approved; and
2. any director or officer of the Corporation is authorized and directed for and on behalf of the Corporation (whether under its corporate seal or otherwise) to enter into, to execute and deliver all such instruments, agreements and documents, including all notices, consents, applications, acknowledgements, certificates and other instruments (herein the "Instruments") and do, or cause to be done, all such other acts and things (herein "Acts") as may be necessary for the purpose of giving effect to the foregoing resolutions or to comply with any Instrument or Act, and such Instruments and Acts authorized and approved by these resolutions shall constitute valid and binding obligations of the Corporation, and the performance by the Corporation under such Instruments and pursuant to such Acts is hereby authorized.

Recommendation of the Board of Directors

The Board has reviewed the Rights Plan for conformity with current practices of Canadian issuers with respect to shareholder rights plans. Based on its review, the Board has determined that it is advisable and in the best interests of the Corporation and its shareholders that the Corporation has in place a shareholder rights plan in the form of the Rights Plan. Accordingly, the Board recommends a vote FOR the ratification, confirmation and approval of the Rights Plan.

Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the common shares represented by such form of proxy FOR the Rights Plan Resolution.

The Board reserves the right to alter any terms of, or not proceed with, the Rights Plan at any time prior to the Meeting if the Board determines that it would be in the best interests of the Corporation and its shareholders to do so, in light of developments subsequent to the date of this Circular.

EXECUTIVE COMPENSATION

In accordance with the requirements of applicable securities legislation in Canada, the following executive compensation disclosure is provided in respect of each person who served as the Corporation's Chief Executive Officer (the "CEO") or Chief Financial Officer (the "CFO") during the financial year ended December 31, 2016 and each of the three (3) other most highly compensated executive officers of the Corporation for the financial year ended December 31, 2016, whose annual aggregate compensation exceeded \$150,000.

Compensation and Governance Committee

The Board is responsible for overseeing the Corporation's compensation program. The Board has however delegated certain oversight responsibilities in this regard to the Corporation's Compensation and Governance Committee (the "Compensation Committee"), but retains final authority over the Corporation's compensation program and process.

The Compensation Committee is comprised of two independent members of the Board: Richard Patricio (Chair) and Trevor Thiele. The Compensation Committee has a written mandate which was approved by the Board in 2013. However, in connection with the Corporation's application to list its common shares on the NYSE MKT LLC (the "NYSE MKT"), the Compensation Committee will be bifurcated into a Compensation Committee and separate Nomination and Governance Committee and will be governed by new and separate mandates, in each case, effective upon the Corporation's listing on the NYSE MKT.

Both committees will continue to be comprised of the same independent directors: Richard Patricio (Chair) and Trevor Thiele.

By virtue of their respective experience as executives and their exposure to capital markets, corporate governance and regulatory matters, each member possesses the relevant decision-making skills that make them suitable members of the Compensation Committee. A general description of the education and experience of each Compensation Committee member which is relevant to the performance of his responsibilities as a Compensation Committee member is contained in their respective biographies set out under "Election of Directors" in this Circular. In particular, Mr. Patricio has extensive experience as an officer and/or director of several mining companies including as a member of the compensation committee thereof and Mr. Thiele has extensive financial experience. In addition, each of Messrs. Patricio and Thiele have been involved with the Corporation since inception and hence are intimately familiar with its operations and senior management team. As a result, each of them is qualified to make decisions on the suitability of the Corporation's compensation policies and practices.

The responsibilities, powers and operation of the Compensation Committee are set out in its written charter. As of the date of this Circular (and pursuant to both its current and proposed mandate), the Compensation Committee is generally responsible for, among other things:

- establishing the Corporation's general compensation philosophy and overseeing the development and implementation of the Corporation's compensation programs;
- reviewing and approving corporate goals and objectives relevant to the compensation of the CEO, evaluating the performance of the CEO in light of those goals and objectives, and setting the CEO's compensation level based on this evaluation, subject to the approval of the Board;
- reviewing and approving compensation, incentive plans and equity-based plans for all other senior officers of the Corporation after considering recommendations of the CEO, all within the compensation policies and guidelines approved by the Board; and
- reviewing the adequacy and form of the compensation of directors and ensuring that the compensation realistically reflects the responsibilities and risks involved in being a director.

Compensation Discussion and Analysis

Objectives

The objective of the Corporation's executive compensation program is to provide total compensation that:

- (i) ensures external competitiveness by developing and maintaining compensation levels that reflect current market rates;
- (ii) rewards consistently high performance levels;
- (iii) attracts, retains and motivates qualified and experienced executives;
- (iv) aligns the interests of executives with the interests of the Corporation's shareholders; and
- (v) reflects the respective duties and responsibilities of senior executives.

The Corporation's executive compensation program is based on a pay-for-performance philosophy. It is designed to retain, encourage, compensate and reward executives on the basis of individual and corporate performance, both in the short-term and long-term. More specifically, the Corporation's program is designed to provide the Corporation with maximum flexibility in determining executive compensation and allows it to ensure that a material percentage of total compensation is based on performance (as opposed to base salary) thereby aligning the interests of executive officers with

shareholders and ensuring compensation is merit based, while conserving the Corporation's cash by not committing to significant base salaries.

In addition and in particular, the Corporation's compensation program reflects the fact that, notwithstanding the Corporation's rapid growth, its staffing complement at the executive level has not increased and remains comparatively small. The Corporation believes that compensating its executive officers during this transitional growth period with cash bonuses (as opposed to substantial increases in base salary or additions to the management team) is in the best interests of the Corporation's financial resources and permits a measured and strategic approach to hiring additional senior management while motivating and rewarding the additional commitment and effort required of its current senior management team.

Elements of Executive Compensation

Compensation of the Corporation's current executive officers consists of a base salary, annual incentive compensation in the form of a discretionary performance bonus and/or special bonus and a longer term incentive in the form of stock options, all of which is intended to be competitive in the aggregate while delivering an appropriate balance between annual compensation (base salary and cash bonuses) and long-term compensation (stock options).

Base salaries are based on a number of factors and designed to best position the Corporation to compete for, and retain, executives critical to the Corporation's long-term success. Performance bonuses and special bonuses (in the form of cash bonuses) are directly tied to corporate and individual performance. Long-term incentive awards consist of stock options and are designed to align the interests of executive officers with the longer term interests of shareholders.

The Chairman of the Compensation Committee meets with the Chief Executive Officer periodically to discuss corporate goals and performance and to discuss the performance of executive officers individually. The Compensation Committee works with the Chief Executive Officer to set compensation, including proposed salary adjustments, performance and/or special bonuses and stock option awards for executive officers.

The Compensation Committee then makes recommendations relating to the compensation of executive officers to the Board. Based on these recommendations, the Board makes decisions concerning the nature and scope of the compensation to be paid to the Corporation's executive officers. The Compensation Committee bases its recommendations to the Board on its compensation philosophy and the Compensation Committee's assessment of corporate and individual performance, recruiting and retention needs.

For the 2016 fiscal year, aggregate compensation was based, in part, on a report prepared by the Harlon Group ("**Harlon**") in September 2015 which included an evaluation against peer group comparators (see below). The comparator group consisted of the following companies:

Aureus Mining Inc.	Peninsula Energy Limited
Dalradian Resources Inc.	Platinum Group Metals
Denison Mines Corp.	PolyMet Mining Corp.
Energy Fuels, Inc.	Seabridge Gold Inc.
Gold Resource Corporation	Taseko Mines Limited
Golden Star Resources Ltd.	Ur-Energy Inc.
Kaminak Gold Corporation	Uranium Energy Corp.
Largo Resources Ltd.	Toro Energy Limited
Nautilus Minerals Inc.	

A compensation consultant was not retained in the 2016 fiscal year. Compensation for the 2016 fiscal year was based upon deliberations by the Compensation Committee, the previous report prepared by Harlon which was updated with publicly filed information regarding the compensation practices of the comparator group set out above (to the extent still in existence).

In establishing base salaries, the Compensation Committee considers factors such as experience, individual performance, length of service, contribution towards the achievement of corporate objectives and compensation compared to other employment opportunities for executives. Base salaries are also intended to be internally equitable. Salaries are reviewed annually by the Board based on recommendations of the Compensation Committee.

Bonuses are based on the achievement of pre-determined, measurable corporate and/or individual performance objectives. Bonuses are either based on performance over the year (a "**Performance Bonus**") and/or based on the achievement of a particular and extraordinary corporate transaction or other milestone (a "**Special Bonus**").

A maximum Performance Bonus is determined for each executive officer as a percentage of salary. The maximum performance bonus for 2016 was 75% of base salary for the CEO and 50% for all other executive officers. The key performance indicators and maximum bonus percentage are determined by the Compensation Committee (after discussion with the CEO) annually for the ensuing financial year and recommended to the Board for approval, on an individual basis for each executive officer.

The corporate performance objectives for 2016 included share appreciation, completion of a financing or other similar transaction, management of operations within budget, and the Corporation's health and safety record. Individual performance objectives relate to the particular executive's role and expected contribution to the Corporation and its objectives and a discretionary assessment of overall job performance.

Special Bonuses are awarded on an ad hoc basis during the year based on the completion of material corporate transactions and/or other milestones. Special Bonuses are not based on pre-determined objectives and are intended to award extraordinary effort and achievement without financial incentive. Special Bonuses are determined by the Compensation Committee based on discussions, to the extent appropriate, with the CEO.

Stock options are granted on a discretionary basis, based on the Board and the Compensation Committee's assessments of responsibilities and achievements, recognizing that at the earlier stage of development stock option awards can help preserve cash resources. Generally, the number of stock options granted to any executive officer is a function of the level of authority and responsibility of the executive officer, the contribution of the executive officer to the business and affairs of the Corporation, the number of stock options the Corporation has already granted to the executive officer, and such other factors as the Compensation Committee may consider relevant.

Stock options are governed by the Corporation's amended and restated incentive stock option plan (the "**Option Plan**"), and awards are generally made semi-annually. Existing stock options have a five year term and are exercisable at the price determined by the Board, subject to applicable regulatory requirements at the time of grant.

Risk Management

The Compensation Committee is responsible for identifying any risks associated with the Corporation's compensation policies and practices and considering the implications of any such risks and then ensuring such risks are mitigated, particularly those arising from policies and practices that encourage or may encourage excessive risk-taking by executive officers. Given the current stage of development, at this time, the Board has not formally assessed the implications of the risk associated with its compensation policies and practices. However, the Compensation Committee maintains sufficient discretion and flexibility in implementing compensation decisions such that unintended consequences in remuneration can be minimized, while still allowing the Compensation Committee to be responsive to market conditions.

Hedging

Pursuant to the Corporation's Code of Business Ethics, the Corporation's executive officers and directors are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

Outside Consultants

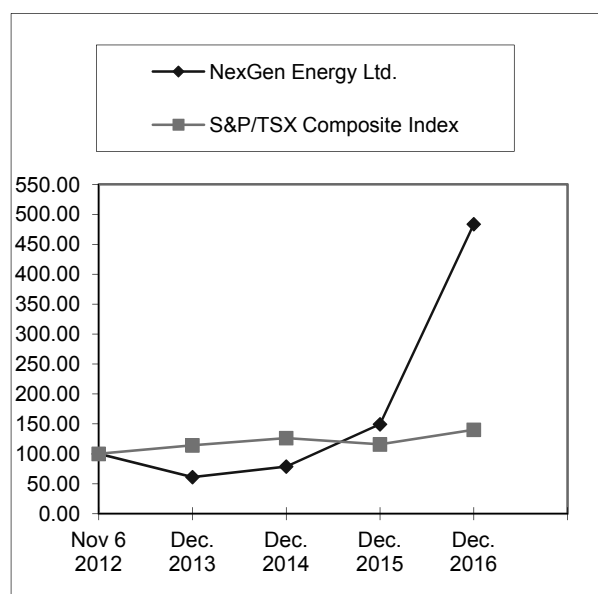

The Compensation Committee did not engage an independent human resource consultant or advisor during the year ended December 31, 2016. Accordingly, no executive compensation-related fees or other fees were paid to compensation consultants or advisors during the 2016 fiscal year. The Compensation Committee has recently engaged Lane Caputo Compensation Inc. to advise the Compensation Committee and the Board on executive and director compensation, including benchmarking and other equity compensation structures such as restricted share units and performance share units.

Performance Graph

The Corporation first commenced trading on the TSXV as "Clermont Capital Inc.", a "capital pool company" within the meaning of Policy 2.4 – *Capital Pool Companies* (the "**CPC Policy**") of the TSXV, on August 29, 2012 under the symbol "XYZ.P". On April 19, 2013, the Corporation completed its "qualifying transaction" and in connection therewith consolidated its common shares on a 2.35:1 basis and changed its name to "NexGen Energy Ltd." On April 22, 2013, the Corporation's common shares commenced trading on the TSXV under the symbol "NXE". On July 15, 2016, the Corporation commenced trading on the TSX under the symbol "NXE".

The following graph compares the Corporation's cumulative total shareholder return to the capital markets over the five most recently completed financial years ending December 31, 2016. It shows the change in value of \$100 invested in common shares of the Corporation on November 6, 2012 to December 31, 2016 compared to \$100 invested in the S&P/TSX Composite Index for the same time period, assuming the reinvestment of all dividends (if applicable).

Note:

(1) Last trading day of financial year ended December 31, 2012.

The trend shown in the above graph does not necessarily correspond to the Corporation's compensation to its executive officers for the financial year ended December 31, 2016 or for any prior fiscal periods. The Corporation's executive compensation is based on a number of factors including, but not limited to, the demand for and supply of skilled professionals in the resource industry generally, individual performance, the Corporation's performance (which is not necessarily tied exclusively to the trading price of the common shares on the TSX) and other factors discussed above. The trading price of the common shares on the TSX is subject to fluctuation based on several factors, many of which are beyond the control of the Corporation and its executive officers. These include, among other things, market perception of the Corporation's ability to achieve planned growth or results, trading volume in the Corporation's common shares, and changes in general conditions in the economy and financial markets. In general, executive cash compensation has increased significantly less than the price of the Corporation's common shares over that same period. The Corporation's philosophy is to reward the achievement of tangible objectives, not capital market speculation which may or may not be related to the performance of the executive officer.

- (1) The value of unexercised in-the-money options is calculated by multiplying the difference between the December 31, 2016 closing price of the common shares on the TSX of \$2.33 and the option exercise price, by the number of outstanding options. Where the difference is negative, the options are not in-the-money and no value is reported. These stock options have not been, and may never be, exercised and actual gains, if any, on exercise will depend on the value of the common shares on the date of exercise.

Termination and Change of Control Benefits

Each of the Named Executive Officers is party to an employment agreement with the Corporation (each, an “**Executive Employment Agreement**”).

The Executive Employment Agreements establish base compensation comprised of base salary and eligibility for an annual performance-based cash incentive. Named Executive Officers are also eligible to participate in the Corporation’s equity-based long-term incentive compensation plans in the form of stock options, at the discretion of the Board. The Executive Employment Agreements are effective until such time as they are terminated in accordance with their terms.

The Executive Employment Agreements also provide for termination payments in the event that (i) the Named Executive Officer’s employment is terminated without cause (including constructive dismissal), or (ii) within 12 months of a “change of control”, the Named Executive Officer is terminated without cause or resigns.

In each case, the terminated Named Executive Officer is entitled to a termination payment equal to the product by multiplying: (i) the sum of (a) his or her annual base salary; and (b) his or her highest bonus (including both Performance Bonuses and Special Bonuses) paid or payable in the preceding three years, in each case, calculated on a monthly basis, by (ii) a period of between 6 and 36 months, with longer periods being applicable only in the case of a change of control (the “**Severance Period**”). The Named Executive Officer is also entitled to the continuation of benefits during the Severance Period, or in the event the Corporation is unable to continue such benefits, payment in lieu equal to the cost of such benefits to the Corporation.

In addition, the terminated Named Executive Officer is entitled to a payment equal to the sum of: (i) all earned but unpaid salary, earned but unpaid bonus, outstanding but untaken vacation pay, and outstanding expenses; and (ii) the terminated Named Executive Officer’s highest Performance Bonus and Special Bonus over the preceding three years, prorated to the date of termination (the “**Final Wages**”).

All outstanding options held by the terminated Named Executive Officer would also vest immediately and continue to be exercisable until the earlier of the expiry of their term or such period imposed by an applicable regulatory body.

The estimated incremental payments (excluding the Final Wages) payable by the Corporation to each Named Executive Officer upon termination without cause or related to a change of control, assuming the triggering event occurred on December 31, 2016, are as follows.

Notes:

- (1) The value of unexercised in-the-money options is calculated by multiplying the difference between the closing price of the common shares on the TSX on December 31, 2016, which was \$2.33, and the option exercise price, by the number of outstanding options. Where the difference is negative, the options are not in-the-money and no value is reported. These stock options have not been, and may never be, exercised and actual gains, if any, on exercise will depend on the value of the common shares on the date of exercise.

Incentive Plan Awards – Value Vested or Earned During the Year

During the financial year ended December 31, 2016, no incentive plan awards vested or were earned for the directors except as follows:

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (the “**Disclosure Instrument**”) requires that the Corporation annually disclose its corporate governance practices with reference to a series of corporate governance practices outlined in National Policy 58-201 – *Corporate Governance Guidelines* (the “**Guidelines**”).

The following is a discussion of each of the Corporation’s corporate governance practices for which disclosure is required by the Disclosure Instrument. Unless otherwise indicated, the Board believes that its corporate governance practices are consistent with those recommended by the Guidelines.

As stated above, the Corporation has applied to list its common shares on the NYSE MKT. In that regard, the Board has approved, conditional upon such listing, new detailed and comprehensive terms of reference for its Board, committees and governance policies and procedures, including a new Code of Ethics, a Disclosure Policy, an Auditor Services Pre-Approval Policy, Whistleblower Policy and an Insider Trading and Reporting Policy. Such listing is not yet completed, and therefore the following discussion is based on the Corporation’s governance practices and procedures as of the date hereof.

Director Independence

For the purposes of the Disclosure Instrument, a director is independent if he or she has no direct or indirect material relationship with the Corporation. A “material relationship” is one which could, in the view of the Board, reasonably be expected to interfere with his or her ability to exercise independent judgment. Certain specified relationships will, in all circumstances, be considered, for the purposes of the Disclosure Instrument, to be material relationships.

As of the date of this Circular, the Board consists of six (6) individuals, four (4) of whom are independent. It is proposed that the Board remain at six (6) members for the current fiscal year. If the Board remains at six (6) members and all of management’s nominees are elected as directors at the Meeting, the Board will consist of six (6) individuals, four (4) of whom are independent. Accordingly, a majority of the Board is independent.

The current independent directors are: Christopher McFadden, Mark O'Dea, Richard Patricio and Trevor Thiele. These directors are also independent for the purposes of the NYSE MKT Company Guide.

Mr. McFadden has been appointed as the Chairman of the Board and is responsible for, among other things, providing leadership to ensure that the Board functions independently of management and overseeing the governance obligations of the Board and its committees generally.

Messrs. Curyer and Parry are not independent for the purposes of the Disclosure Instrument. Mr. Curyer

is the Corporation's President and Chief Executive Officer and, as of April 1, 2016, Mr. Parry was appointed as the President and Chief Executive Officer of IsoEnergy, an affiliate of the Corporation (with the Corporation holding approximately 70% of the outstanding shares of IsoEnergy).

In-camera sessions of the independent directors are scheduled for the conclusion of each meeting of the Board. Additional meetings for the independent directors are held as considered necessary. Moreover, the independent directors have the opportunity to hold discussions in the absence of management through their participation in the Compensation Committee and the Audit Committee. During the financial year ended December 31, 2016, no meetings of the independent directors were convened.

Other Directorships

Currently, the following directors serve as directors of the following reporting issuers or reporting issuer equivalents:

Name of Director	Reporting Issuer(s) or Equivalent(s)
Leigh Curyer	IsoEnergy Ltd. ⁽¹⁾ NxGold Ltd.
Christopher McFadden	IsoEnergy Ltd. ⁽¹⁾ NxGold Ltd.
Craig Parry	IsoEnergy Ltd. ⁽¹⁾ Skeena Resources Limited
Mark O'Dea	Pilot Gold Inc. Pure Gold Mining Inc.
Richard Patricio	IsoEnergy Ltd. ⁽¹⁾ Latin American Minerals Inc. NxGold Ltd. Toro Energy Limited ⁽²⁾
Trevor Thiele	IsoEnergy Ltd. ⁽¹⁾ NxGold Ltd.

Notes:

- (1) NexGen holds approximately 70% of the outstanding common shares of IsoEnergy. Accordingly, IsoEnergy is an affiliate of NexGen.
- (2) Mr. Patricio's directorship at Toro Energy Limited is a result of his management role at Mega Uranium Ltd. Latin American Minerals Inc. and NxGold are Mr. Patricio's only directorships which are distinct from his principal occupation.

Attendance

The Board is committed to scheduling regular meetings of the Board and its committees and encouraging attendance by directors. The Board and its committees held the following number of meetings in the financial year ended December 31, 2016:

	Year Ended December 31, 2016
Board	6
Audit Committee	4
Compensation and Governance Committee	2

The attendance of the current directors at such meetings was as follows:

Director	Board Meetings Attended	Audit Committee Meetings Attended	Compensation and Governance Committee Meetings Attended
Leigh Curyer	6 of 6	N/A	N/A
Christopher McFadden	6 of 6	4 of 4	N/A
Craig Parry ⁽¹⁾	6 of 6	N/A	2 of 2
Mark O'Dea ⁽²⁾	N/A	N/A	N/A
Richard Patricio	6 of 6	4 of 4	2 of 2
Trevor Thiele	6 of 6	4 of 4	N/A

Notes:

- (1) Mr. Parry was replaced with Mr. Thiele on the Compensation and Governance Committee subsequent to the year ended December 31, 2016.

- (2) Mr. O'Dea was appointed to the Board on November 8, 2016, subsequent to the last meeting of the Board or any committee thereof convened in the financial year ended December 31, 2016.

Due to the small size of the Compensation Committee, only two formal meetings were convened, however, many informal meetings and discussions were held in advance of those meetings to discuss compensation-related matters.

Charter of the Board of Directors

The Board is responsible for the overall stewardship of the Corporation. The Board discharges this responsibility directly and through delegation of selected and specific responsibilities to committees of the Board, and the Chairman of the Board, all as more particularly described in the Charter of the Board of Directors (the “**Charter**”) attached to this Circular as Schedule B.

Position Descriptions

The Board has adopted a written position description for the roles of the Chairman of the Board and the CEO. The Chairman of the Board’s role is set out in the Charter as being responsible for the management, development and effective performance of the Board and ensuring the Board fulfils its duties as required by law and as set forth in the Charter.

The CEO is responsible for leading the Corporation in meeting its short-term operational and long-term strategic goals. The CEO is expected to report to the Board on a regular basis concerning the Corporation’s progress towards its goals, strategies and objectives.

Although the Board has developed written mandates for each of the Board committees, the Board has not yet developed written position descriptions for the chairs of each Board committee. The written mandate of each committee however delineates the role and responsibilities of each committee chair.

Orientation and Continuing Education

The Corporation has prepared a Board of Directors’ manual which provides a comprehensive overview of the Corporation and the responsibilities of its directors, as well as the role of the Board and committees, and the nature and operation of the Corporation’s business. Given the current size of the Corporation and its stage of development, and as each new director will have a different skill set and professional background, specific orientation and training activities are tailored to the particular needs and experience of each director and consist primarily of meetings with members of the executive management team.

The Board provides continuing education for directors on an *ad hoc* basis in respect of issues that are necessary for them to meet their obligations as directors. All of the directors are actively involved in their respective areas of expertise and have full access to management. Directors are periodically provided with the opportunity to visit the Corporation’s properties to become familiar with the Corporation’s operations. Presentations by management and the Corporation’s advisors are also organized, as needed, to provide ongoing director education.

Ethical Business Conduct

As part of its responsibility for the stewardship of the Corporation, the Board seeks to foster a culture of ethical conduct by requiring the Corporation to carry out its business in accordance with high business and moral standards and applicable legal and financial requirements. The Board has formalized this in its Code of Business Ethics (the “**Code**”). A copy of the Code is available under the Corporation’s profile on SEDAR at www.sedar.com.

The Corporation’s Corporate Secretary is responsible for communicating the Code to directors, officers and employees. Compliance with the Code is maintained primarily through the reporting process within the Corporation’s organizational structure. The Audit Committee monitors overall compliance with the

Code and the Chief Financial Officer reports any alleged breaches of the Code to the Audit Committee. The Corporation's Chief Financial Officer and the Audit Committee Chair then report to the Board at regular quarterly meetings of the Board on any issues or concerns that have been raised.

In addition, the Corporation has adopted a "whistleblower" policy (the "**Whistleblower Policy**") so that any employee of the Corporation or its subsidiaries may submit confidential or anonymous concerns regarding accounting or auditing matters without fear of dismissal or retaliation of any kind. The Whistleblower Policy allows employees to direct their concerns to the Chair of the Audit Committee.

Both the code and the whistleblower policy to be adopted upon, and subject to, the NYSE MKT listing will be substantively similar to the existing Code and Whistleblower Policy, but more comprehensive to reflect the increasing complexity and size of the Corporation's operations.

Certain members of the Board are directors or officers of, or have significant shareholdings in, other mineral resource companies and, to the extent that such other companies may participate in ventures in which the Corporation may participate, the directors of the Corporation may have a conflict of interest in negotiating and concluding terms respecting such participation. Where such a conflict of interest involves a particular Board member (i.e. where a Board member has an interest in a material contract or material transaction involving the Corporation), such Board member will be required to disclose his or her interest to the Board and refrain from voting at any Board meeting of the Corporation which considers such contract or transaction, in accordance with applicable law. To ensure a consistent process for addressing actual and potential conflicts of interest, the Corporation has adopted a policy governing conflicts of interest and related party transactions which prescribes a formal procedure and internal reporting process for addressing potential conflicts in a timely fashion.

In rare circumstances, if deemed appropriate, the Corporation may establish a special committee of independent directors to review a matter in which several directors, or management, may have a conflict.

Nomination of Directors

The Compensation Committee is responsible for assisting the Board in respect of the nomination of directors and identifying new candidates for appointment to the Board.

The Compensation Committee establishes criteria for Board membership and composition, and makes recommendations to the Board thereon. The Compensation Committee also makes recommendations for the assignment of Board members to Board committees and oversees a process for director succession. In that regard, the Compensation Committee is also responsible for assessing the competencies and skills of existing directors and those required for nominees to the Board, with a view to ensuring that the Board is comprised of directors with the necessary skills and experience to facilitate effective decision-making. The Compensation Committee may retain external consultants or advisors to conduct searches for appropriate potential director candidates if necessary.

However, as previously stated, the nomination function of the current Compensation Committee will be transferred to a separate Nomination and Governance Committee upon, and subject to, the Corporation's common shares being listed on the NYSE MKT.

Advance Notice Provisions

On May 21, 2015, shareholders approved an amendment to the Corporation's articles to implement advance notice provisions for the nomination of directors (the "**Advance Notice Provisions**"). Under the Advance Notice Provisions, a director nomination must be made, in the case of an annual meeting of shareholders, not less than 30 days nor more than 65 days prior to the date of the annual meeting of shareholders, and in the case of a special meeting of shareholders (which is not also an annual meeting of shareholders) called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting of shareholders was made. The Advance Notice

Provisions also set forth the information that a shareholder must include in the notice to the Corporation. See the Corporation's amended articles which are available under the Corporation's profile on SEDAR at www.sedar.com for full details (filed on May 26, 2015). No director nominations have been made by shareholders in connection with the Meeting under the terms of the Advance Notice Provisions, and as such the only nominations for directors at the Meeting are the nominees set forth above under "Business to be Transacted at the Meeting – Election of Directors".

Majority Voting Policy

The Corporation has adopted a majority voting policy which requires that each director nominee of the Corporation must be elected by at least a majority (50% + 1 vote) of the votes cast with regard to his or her election. Any director nominee who receives a greater number of votes "withheld" from his or her election than votes "for" such election must promptly tender his or her resignation to the Board, to be effective upon acceptance by the Board. The Compensation Committee will make a determination as to whether or not to accept the tendered resignation and make a recommendation to the Board thereon. The Board, in turn, will determine whether or not to accept the tendered resignation within 90 days of the shareholder meeting. The Compensation Committee will accept the tendered resignation absent exceptional circumstances and the resignation will be effective when accepted by the Board. The Corporation shall promptly issue a news release with the Board's decision which, in the event the resignation is not accepted, must fully state the reason for that decision. Subject to any corporate law restrictions, the Board may fill any resulting vacancy through the appointment of a new director. The director nominee in question may not participate in any committee or Board votes concerning his or her resignation. This policy will not apply in circumstances involving contested director elections.

Compensation

In the 2016 fiscal year, directors received an annual fee of \$40,000. The Chairman of the Board received an additional annual fee of \$20,000, the Chairman of the Audit Committee received an additional annual fee of \$10,000, and the Chairman of the Compensation Committee received an additional annual fee of \$5,000. These annual fees included meeting attendance fees. Effective January 1, 2017, the annual fee was increased to \$55,000, the premium for the Chairman of the Audit Committee was increased to \$15,000 and an additional \$5,000 is now payable for committee membership. The Corporation believes the additional fees reflect the time commitment and dedication required of its Board, particularly, given its relatively small size compared to the Corporation's size and growth trajectory.

Members of the Board are also eligible for the grant of stock options as and when appropriate. As previously stated, the Compensation Committee will periodically review the adequacy and form of the compensation of directors to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and will report and make recommendations to the Board accordingly.

For details regarding the Corporation's approach to the compensation of executive officers, including the CEO and the role of the Compensation Committee, see "*Executive Compensation – Compensation Discussion and Analysis*", above.

Board Committees

The Board delegates certain responsibilities to the following two committees of the Board: (i) the Audit Committee; and (ii) the Compensation Committee. The Board has adopted a written charter for each of the Audit Committee and the Compensation Committee. From time to time, the Board also appoints *ad hoc* committees to assist in specific matters. The Board delegates specific mandates to such *ad hoc* committees if and when they are established.

As previously stated, in connection with the Corporation's application to list its common shares on the NYSE MKT, the Compensation Committee will be bifurcated into a Compensation Committee and separate Nomination and Governance Committee and will be governed by new and separate mandates,

in each case effective, upon the Corporation's listing on the NYSE MKT. Both committees will continue to be comprised of the same independent directors: Richard Patricio (Chair) and Trevor Thiele. Similarly, there will be no change in the composition of the Audit Committee as a result of the Corporation's listing on the NYSE MKT.

Assessments

In 2015, the Compensation Committee established a formal process for assessing the effectiveness of the Board as a whole, its committees and individual directors. As part of this process, directors completed a questionnaire which provided for quantitative and qualitative ratings of their and the Board's performance in key areas and provided subjective comment in each of those areas.

The Chair of the Compensation Committee reviewed the results of the self-assessment process, identified areas requiring follow-up and reported to the Board on the results of the assessment process. Action plans to follow-up on specific issues are monitored by the Compensation Committee.

An assessment was not completed for the year ended December 31, 2016, however, deficiencies identified from the assessment completed in the previous fiscal year were addressed in 2016 with changes to the compensation of the Board. It was therefore determined that the next assessment would be deferred to 2017 to allow those changes to take full effect. In the meantime, the Board is confident that the Corporation's recent accomplishments and general shareholder sentiment are a testament to the Board's efficiency during 2016.

Term Limits and Diversity

In the fall of 2014, the Canadian Securities Administrators introduced "comply or explain" policies requiring companies to either adopt or explain why they have not adopted (a) policies with respect to term limits for directors; and (b) policies and targets designed to increase participation by woman in board matters and in executive positions. The Corporation has not yet adopted formal policies or targets on either term limits or diversity.

The Board recognizes the valuable contributions made to board deliberations and management by people of different gender, experience and background, and the Board believes that it currently focuses on hiring the best quality individuals for the position, while also encouraging diversity on the Board and in executive officer positions. The Corporation has not set a targeted number or percentage of female representation on its Board or for executive officer positions; however, the Board is mindful of the benefit of diversity in the Corporation's leadership positions and the need to maximize the effectiveness of the Board and management in their decision making abilities. In searches for new directors or officers, the Board is committed to conducting a search for suitable candidates and will consider the level of female representation and diversity within its leadership ranks in its search process. While the Corporation does not have any female Board members, 50% of its senior management team is female. In aggregate, two of the nine members of the Corporation's Board and senior management team are female.

The Compensation Committee annually reviews the composition of the Board, including the age and tenure of individual directors. The Board strives to achieve a balance between depth of experience and the need for renewal and new perspectives. The Compensation Committee has determined that the Board is highly effective and well composed and that no appreciable benefit would be derived from the introduction of term or retirement age limits at this time.

In considering the recently adopted CSA Guidelines, the Compensation Committee has determined to monitor developments in this area while reviewing the Corporation's own practices in order to adopt a policy that is meaningful for the Corporation. The Corporation is committed to nominating the best individuals to fulfil director roles and executive officer positions.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out information as of the end of the Corporation's most recently completed financial year, being December 31, 2016, with respect to compensation plans under which equity securities of the Corporation are authorized for issuance.

Equity Compensation Plan Information

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights (\$)	Number of securities remaining available for future issuance under equity compensation plans ⁽²⁾
Equity compensation plans approved by securityholders ⁽¹⁾	33,466,112	\$1.06	27,771,945
Equity compensation plans not approved by securityholders	Nil	n/a	n/a
Total	33,466,112		27,771,945

Notes:

- (1) Numbers in this row refer to stock options to purchase securities of the Corporation pursuant to the Option Plan.
 (2) The maximum number of shares reserved for issuance under the Option Plan at any time is currently 20% of the Corporation's issued and outstanding shares at that time, less any common shares reserved for issuance under other security-based compensation arrangements.

As of the date hereof, there are 33,507,779 options outstanding. If all such options were exercised for common shares, the common shares which would be issued upon such exercise would total approximately 10.9% of the issued and outstanding common shares at the date hereof on a non-diluted basis.

Particulars of the Option Plan

As of July 15, 2016, the Corporation adopted an amended and restated option plan (the "Option Plan"). The following is a summary of the principal terms of the Option Plan.

The purpose of the Option Plan is to provide incentives to attract, retain and motivate the Corporation's directors, officers, employees and other eligible persons whose contributions are important to the future success of the Corporation.

Number of Securities Issuable. A maximum of 20% of the number of issued and outstanding common shares of the Corporation at the time of grant may be reserved for issuance, less any common shares reserved for issuance under other security based compensation arrangements.

Insider Participation Limit. A maximum of 10% of the number of issued and outstanding common shares of the Corporation may be issued to insiders under the Option Plan and under any other security based compensation arrangements of the Corporation within any one-year period, and a maximum of 10% of the Corporation's issued and outstanding shares are issuable to insiders of the Corporation under the Option Plan and under any other security based compensation arrangements of the Corporation at any time.

Eligible Persons. "Eligible Persons" are eligible to receive grants of options under the Option Plan. "Eligible Persons" are directors, officers, employees and persons or company's engaged by the Corporation to provide services for an initial, renewable or extended period of 12 months.

Exercise Price. The exercise price will not be less than the closing market price on the TSX on the day immediately preceding the grant of the option.

Vesting. Vesting of options granted under the Option Plan will be at the discretion of the Board. On a change of control or takeover bid the options granted under the Option Plan will fully vest.

Change of Control. For the purposes of the Option Plan, a change of control occurs on the following events: (i) a merger, consolidation, plan of arrangement or reorganization of the Corporation that results in the beneficial, direct or indirect, transfer of more than 50% of the total voting power of the resulting entity's outstanding securities to a person, or group of persons acting jointly and in concert, who are different from the persons that have, beneficially, directly or indirectly, more than 50% of the total voting power prior to such transaction; (ii) the consummation of a sale of all or substantially all of the assets of the Corporation, including specifically the sale or other disposition of a material interest in the Rook I Project, or the consummation of a reorganization, merger, joint venture or other transaction which has substantially the same effect; (iii) a resolution is adopted to wind-up, dissolve or liquidate the Corporation; (iv) the acquisition, beneficially, directly or indirectly, by any person or group of persons acting jointly or in concert, within the meaning of Multilateral Instrument 62-104, *Take-Over Bids and Issuer Bids* (or any successor instrument thereto), of common shares of the Corporation which, when added to all other common shares of the Corporation at the time held beneficially, directly or indirectly by such person or persons acting jointly or in concert, totals for the first time more than 50% of the outstanding common shares of the Corporation; or (v) the removal, by extraordinary resolution of the shareholders of the Corporation, of more than 51% of the then incumbent directors of the Corporation, or the election of a majority of directors to the Corporation's board who were not members of the Corporation's incumbent board immediately preceding such election.

Termination of Exercise Right. No option may be exercised after an optionee has left the employ or service of the Corporation except as follows:

- subject to the discretion of the Board to resolve otherwise, if an optionee ceases to be employed by, provide services to, or be a director or officer of, the Corporation, such optionee's vested options will expire 90 days after such cessation and any unvested options will immediately terminate;
- if an optionee dies, such optionee's vested options will be exercisable by the optionee's lawful representatives but will expire on the earlier of 12 months after the date of death and the date of expiration of the term otherwise applicable to such options and any unvested options will immediately terminate;
- if an optionee is dismissed for cause, such optionee's vested options will expire 30 days after such dismissal and any unvested options will immediately terminate; and
- if an order by the British Columbia Securities Commission, or similar regulatory authority with jurisdiction over the Corporation, prohibits an optionee from holding options, the options of the optionee will terminate immediately.

Term of Options. Options granted under the Option Plan will have a maximum term of 10 years from their date of grant.

Extension of Expiry Period. If an option which has been previously granted is set to expire during a period in which trading in securities of the Corporation by the option holder is restricted by a blackout period, or within nine business days following the expiry of a blackout period, the expiry date of the option will be extended to 10 business days after the trading restrictions are lifted.

No Assignment. Subject to the provisions of the Option Plan, all options will be exercisable only by the optionee to whom they are granted and will not be assignable or transferable, other than to a wholly-owned entity of an employee, officer or director or an RRSP, RRIF or TFSA of such employee, officer or director or by will or the laws of descent and distribution.

Administration. Subject to the requirements of applicable laws and TSX rules requiring shareholder or other approval, the Option Plan provides that the Board may amend, modify or terminate the plan or any option, except that the Board may not undertake any such action if it were to adversely affect a previously granted option, without the consent of the affected optionee.

Amendments Requiring Shareholder Approval. Shareholder approval is required for the following

amendments to the Option Plan:

- an increase to the aggregate maximum number of securities issuable under the plan (either as a fixed number or a percentage);
- a reduction in the exercise price of an outstanding option;
- an extension of the term of any option beyond the expiry date or allowing the expiry date to exceed 10 years, except as permitted in connection with a blackout period;
- any amendment to permit assignments or exercises other than by the optionee other than as permitted by the Option Plan;
- altering the categories of individuals eligible to receive options under the Option Plan;
- an amendment to the insider participation limit described above; and
- an amendment to the amendment provisions of the Option Plan.

Amendments Without Shareholder Approval. The Option Plan may be amended without shareholder approval for the following:

- amendments of a “housekeeping” nature;
- amendments necessary to comply with the provisions of applicable law;
- amendments respecting the administration of the Option Plan;
- amendments to the vesting provisions of the Option Plan or any option;
- amendments to the early termination provisions of the Option Plan or any option, whether or not such option is held by an insider, provided such amendment does not entail an extension beyond the original expiry date;
- the addition of any form of financial assistance by the Corporation for the acquisition of common shares under the Option Plan, and the subsequent amendment of any such provisions;
- amendments to the cashless exercise feature; and
- any other amendment not requiring shareholder approval under applicable law (including the policies of the TSX).

The Option Plan is intended to provide the Corporation with the ability to issue options to provide employees, officers, directors and service providers of the Corporation and its affiliates with long-term equity based performance incentives, which are a key component of the Corporation’s compensation strategy. The Board has delegated responsibility for the Option Plan to the Compensation Committee. The Corporation believes it is important to align the interests of management and employees with shareholder interests and to link performance compensation to enhancement of shareholder value. This is accomplished through the use of options whose value over time is dependent on market value of the Corporation’s common shares.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

As at the date of this Circular, no executive officer, director, employee or former executive officer, director or employee of the Corporation or any of its subsidiaries is indebted to the Corporation, or any of its subsidiaries. SCHEDULE A

KEY FEATURES OF THE SHAREHOLDER RIGHTS PLAN

The following is a summary of the key features of the Rights Plan. This summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Rights Plan, a copy of which is available on request by e-mail to hdevitt@nxe-energy.ca or under the Corporation's profile at www.sedar.com. All capitalized terms used in this summary have the meanings given in the Rights Plan unless otherwise defined in the management information circular to which this Schedule A is attached or herein.

Term

Pursuant to the TSX Company Manual, the Rights Plan must be approved at the Meeting and if not approved, the Rights Plan will expire and cease to have effect at the termination of the Meeting. If it is approved at the Meeting, the Rights Plan will require reconfirmation by the Shareholders at the annual meeting of Shareholders held in 2020 and every third annual meeting of Shareholders held thereafter.

Issuance of Rights

Upon the Rights Plan becoming effective on April 22, 2017, one Right was issued and attached to each Common Share. One Right also attached to each subsequently issued Common Share and will attach to each subsequently issued Common Share.

Rights Exercise Privilege

The Rights generally separate from the Common Shares and become exercisable 10 business days (the "Separation Time") after a person has acquired, or commenced or publicly announced the intention to commence a take-over bid to acquire, 20 percent or more of the Common Shares, other than by an acquisition pursuant to a take-over bid permitted by the Rights Plan (a "Permitted Bid") or a transaction otherwise permitted by the Rights Plan. The acquisition by any person (an "Acquiring Person") of 20 percent or more of the Common Shares, other than by way of a Permitted Bid or a transaction otherwise permitted by the Rights Plan, is referred to as a "Flip-in Event".

Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Ten trading days after the occurrence of the Flip-in Event, each Right (excluding Rights held by an Acquiring Person which have become void), will permit the purchase by holders of such Rights of Common Shares at a 50 percent discount to their market price.

Trading of Rights

Until the Separation Time, the Rights will be evidenced by the certificates representing the Common Shares and will be transferable only together with the associated Common Shares. After the Separation Time, separate certificates evidencing the Rights (Rights Certificates) will be mailed to holders of record of Common Shares (other than an Acquiring Person) as of the Separation Time. Rights Certificates will also be issued for Rights in respect of Common Shares issued after the Separation Time and before the Expiration Time, to each holder (other than an Acquiring Person) converting securities that are exchangeable for Common Shares after the Separation Time. Rights will trade separately from the Common Shares after the Separation Time.

Lock-Up Agreements

A bidder may enter into lock-up agreements with Shareholders whereby such Shareholders agree to tender their Common Shares to the take-over bid (the "Lock-up Bid") without a Flip-in Event occurring. Such agreement must be publicly disclosed and allow the Shareholder to withdraw the securities to tender to another take-over bid or to support another transaction that exceeds the value of the Lock-up Bid either on an absolute basis or by as much or more than a specified amount, which specified amount

may not be greater than seven percent. The definition of “Lock-Up Agreement” provides that no “break up” fees or other penalties that exceed, in the aggregate, the greater of two and a half percent of the price or value of the consideration payable under the Lock-up Bid to the Locked-up Person and 50 percent of the increase in the consideration resulting from another take-over bid transaction shall be payable by the Shareholder if the Shareholder fails to tender its securities to the Lock-up Bid.

Permitted Bid Requirements

The requirements for a Permitted Bid include the following:

- the take-over bid must be made by way of a take-over bid circular;
- the take-over bid must be made to all holders of record of Common Shares (other than the Offeror);
- the take-over bid must be outstanding for a minimum period of 105 days or such shorter period that a take-over bid must remain open for deposits of securities, in the applicable circumstances, pursuant to Canadian securities laws;
- Common Shares tendered pursuant to the take-over bid may not be taken up prior to the expiry of the applicable period and only if at such time more than 50 percent of the Common Shares held by Independent Shareholders (as defined below) have been tendered to the take-over bid and not withdrawn; and
- if more than 50 percent of the Common Shares held by Independent Shareholders are tendered to the take-over bid within the applicable period and the Common Shares are taken up by the bidder, the bidder must make a public announcement of that fact and the take-over bid must remain open for deposits of Common Shares for not less than 10 days from the date of such public announcement.

“Independent Shareholders” is defined in the Rights Plan as all holders of Common Shares, excluding any Acquiring Person (as defined therein), any person that is making or has announced an intention to make a take-over bid for the Common Shares, affiliates, associates and persons acting jointly or in concert with such excluded persons, and any person who is a trustee of an employee benefit, deferred profit sharing, stock participation or other similar plan or trust for the benefit of employees of the Corporation unless the beneficiaries of the plan or trust direct the manner in which the Common Shares are to be voted.

The Rights Plan allows for a competing Permitted Bid (a “Competing Permitted Bid”) to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all the requirements of a Permitted Bid except that it must be outstanding for a minimum number of days as required under Canadian securities laws.

Waiver

The Board, acting in good faith, may prior to the occurrence of a Flip-in Event, waive the application of the Rights Plan to a particular Flip-in Event where a take-over bid is made by a take-over bid circular to all holders of Common Shares. Where the Board exercises the waiver power for one take-over bid, the waiver will also apply to any other take-over bid for the Corporation made by a take-over bid circular to all holders of Common Shares prior to the expiry of any other bid for which the Rights Plan has been waived. The Board, acting in good faith may, in respect of any Flip-in Event, waive the application of the Rights Plan to a particular Flip-in Event where the Board has determined that the Acquiring Person became an Acquiring Person by inadvertence and such person has reduced its Beneficial Ownership, or has entered into a contractual arrangement with the Corporation, acceptable to the Board of Directors, to do so within thirty (30) days, such that it is no longer an Acquiring Person. The Board, acting in good faith may, with the approval of a majority of votes cast by the Independent Shareholders voting in person or by proxy at a meeting duly called for that purpose, determine, at any time prior to the occurrence of a Flip-in Event, to waive the application of the Rights Plan for any Flip-in Event.

Redemption

The Board, with the approval of a majority of votes cast by the Independent Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person or by proxy at a meeting duly called for that purpose, may redeem the Rights at \$0.000001 per Right. Rights will be deemed to have been redeemed by the Board following completion of a Permitted Bid or Competing Permitted Bid.

Amendment

The Board may amend the Rights Plan with the approval of a majority of the votes cast by the Independent Shareholders (or the holders of Rights if the Separation Time has occurred) voting in person or by proxy at a meeting duly called for that purpose. The Board, without such approval, may make amendments to the Rights Plan to correct any clerical or typographical error or which are required to maintain the validity of the Rights Plan as a result of any change in any applicable legislation, rules or regulations thereunder.

Board

The Rights Plan will not detract from or lessen the duty of the Board to act honestly and in good faith with a view to the best interests of the Corporation. The Board, when a Permitted Bid is made, will continue to have the duty and power to take such actions and make such recommendations to shareholders as are considered appropriate.

Exemption for Investment Managers

Investment managers (for client accounts), trust companies (acting in their capacities as trustees and administrators), statutory bodies whose business includes the management of funds and administrators of registered pension plans acquiring greater than 20 percent of the Common Shares are exempted from triggering a Flip-in Event, provided that they are not making, have not announced an intention to make or are not part of a group making, a take-over bid.
