

Core Logging Geologist

Job Location

Patterson Lake, Saskatchewan, Canada

Position Type

Contract

Job Description

NexGen Energy Ltd. is a well-funded exploration and development company with a portfolio of high-impact projects across the Athabasca Basin. Its portfolio is centered in the large-scale southwestern Athabasca Basin where NexGen holds over 259,000 hectares of land. NexGen's southwestern properties host the high-grade Arrow deposit, the Athabasca Basin's largest undeveloped uranium deposit which was discovered by NexGen in February of 2014. The Company's goal is for Arrow to become the world's leading supplier of mined uranium.

The position is fly in fly out with pick up in Saskatoon. The work schedule is two to four weeks in and one to two weeks out while drilling is taking place. Office work in Saskatoon may be available during drilling off-seasons. Core logging geologists are responsible for geological data acquisition and description of diamond drill core at the Rook I project site in a manner that will meet NexGen business needs and in accordance with Company principles of safety, integrity and quality.

Required Skills

Core logging geologists report to staff and project geologists and are responsible for:

1. Geological processing and logging of often uranium-mineralized diamond drill core
2. Collection of samples from drill core for analysis
3. Storage and organization of drill core
4. Assist senior geological staff as required

Required Experience

The position will be of interest to candidates who have:

1. At least a Bachelor's degree in a geoscience (or completion of all required courses)
2. 0-5 years of mineral exploration industry experience
3. Strong proficiency in MS Office (Word, Excel, Access)
4. Experience with GIS software considered an asset (Target, Leapfrog)
5. A strong work ethic and excellent communication skills are required

Interested applicants are invited to submit their resumes by January 12th, 2017 through the careers portal on the Company website (<http://nexgenenergy.ca/contact/careers/>).

We thank all applicants for their interest, however only those selected for an interview will be contacted.
